

## Caring for your new garments

We hope you are delighted with your garments.

To get the best from these garments and ensure durability we recommend you copy this sheet and hand it to each employee with their new clothing.

- follow the manufacturer's washing and drying instructions
- these are located on the care label inside each garment
- do not iron directly onto the design
- turn the garment inside-out then iron

*A quick guide to the most common washing symbols:*
